Experience

Freelance Developer (Self-Started)

2025 – Present

- Working on personal and client-style projects to simulate real-world development experience.

Education

University of Engineering and Technology

Taxila, Punjab

BSc in Software Engineering

Aug 2025– Aug 2029 (Expected)

- Relevant coursework: Data Structures, Algorithms, Database Systems, Web Development, Operating Systems

Projects

Free Img Gen | [Source Code](#)

Express | MongoDB | React | TypeScript | Tailwind CSS

- Built a full-stack AI image generation platform enabling users to generate images using Stable Diffusion models.
- Integrated OAuth 2.0 authentication (Google) for secure user login and access control.

Static Website Generator | [Source Code](#)

JavaScript | Node.js

- Built a static site generator that converts Markdown and yaml files into HTML websites.
- Automated page generation using Node.js file system operations.

Bg-Remover | [Website](#) | [Source Code](#)

| JavaScript | TailwindCSS

- Created and published an **open-source background removal webiste**

Achievements

Personal Development Achievements

2025 – Present

- * Built and deployed multiple full-stack and front-end projects including AI image generation and utility tools.
- * Successfully learned and applied React, Node.js, and Tailwind CSS in real projects.
- * Developed strong understanding of REST APIs, authentication systems, and modern web development practices.
- * Consistently improving through project-based learning and self-driven development.

Technical Skills

Languages: Java, JavaScript, TypeScript, SQL, C/C++, Python

Backend: Node.js, Express.js, REST APIs, JWT, OAuth 2.0

Frontend: React, Tailwind CSS

Databases: PostgreSQL, MySQL, MongoDB, Redis

Tools & Platforms: Docker, Postman, Vercel, VS Code
